## ESRA2 Country Fact Sheet

ESRA (E-Survey of Road Users' Attitudes) is a joint initiative of road safety institutes, research centres, public services, and private sponsors, from all over the world. The aim is to collect and analyse comparable data on road safety performance, in particular road safety culture and behaviour of road users. The ESRA data are used as a basis for a large set of road safety indicators. These provide scientific evidence for policy making at national and international levels. Vias institute in Brussels (Belgium) initiated and coordinates ESRA, in cooperation with eleven core group partners (BASt, BFU, CTL, IATSS, IFSTTAR, ITS, KfV, NTUA, PRP, SWOV, TIRF). At the heart of ESRA is a jointly developed questionnaire survey, which is translated into national language versions<sup>1</sup>. The themes covered include: self-declared behaviour, attitudes and opinions on unsafe traffic behaviour, enforcement experiences and support for policy measures. The survey addresses different road safety topics (e.g. driving under the influence of alcohol, drugs and medicines, speeding, distraction) and targets car occupants, motorcycle and moped drivers, cyclists and pedestrians.

This fact sheet contains the key results of the second edition of the ESRA survey, which was conducted simultaneously in 32 countries in 2018 and in 16 countries between 2019 and 2020. In total this online panel survey collected data from more than 45 000 road users (984 in Israel). An overview of the initiative and more results are available on [www.esranet.eu](http://www.esranet.eu). The following figures show a core set of variables in which Israel (**green**) is compared with the AsiaOceania ESRA2 mean<sup>2</sup> (white).

### Mode of transportation

During the past 12 months, how often did you use the following transport modes (5-point scale from 1=never to 5=at least 4 days week)

### Safety feeling

How safe or unsafe do you feel when using the following transport modes (11-point scale from 0=very unsafe to 10=very safe)

## Self-declared behaviour

Over the last 30 days, how often did you... (5-point scale from 1=never to 5=(almost) always)

### DUI as a car driver

### Distraction & fatigue as a car driver

### Speeding as a car driver

### Seat belt use in a passenger car

\* specified based on national regulation on this topic

## Self-declared behaviour

Over the last 30 days, how often did you... (5-point scale from 1=never to 5=(almost) always)

### Powered Two Wheelers

### Pedestrians

### Cyclists

\* specified based on national regulation on this topic

### Sample size\*

Road users who use each transport mode at least a few days per month.

Mode of transportation	Israel	AsiaOceania9
Car drivers	830	6030
Car drivers who transported children (<18y) exempt from using CRS	431	2890
Car drivers who transported children (<18y) non-exempt from using CRS	515	3331
Car passengers	763	7399
Powered Two Wheelers	48	5900
Pedestrians	886	8086
Cyclists	140	5177

\*weighted sample for self-declared behaviours.

## Personal acceptability

How acceptable do you, personally, feel it is for a CAR DRIVER to ... (5-point scale from 1=unacceptable to 5=acceptable)

### DUI

### Distraction

### Seat belt

### Speed

## Others' acceptability

Where you live, how acceptable would most other people say it is for a CAR DRIVER to... (5-point scale from 1=unacceptable to 5=acceptable)

### DUI

### Distraction

### Seat belt

### Speed

## Enforcement

On a typical journey, how likely is it that you (as CAR DRIVER) will be checked by police for... (7-point scale from 1=very unlikely to 7=very likely)

In the past 12 months, how many times (as a CAR DRIVER) have you been checked by the police for... (number)

## Involvement in road crashes

In the past 12 months, how many times have you personally been involved in road crashes as... (number)

## Vehicle automation

How interested would you be in using a... (7-point scale from 1=not at all interested to 7=very interested)

## Background Data

Basic data of Israel in relation to the European average<sup>3</sup>.

### Exposure

	year	IL
total length of roads (km)	2016	19362
total length of motorways (km)	2016	6666
vehicle kilometres (total in millions)	2016	57220
motorisation rate (motor vehicles/1000 inhab.)	2017	387

### Persons killed in road accidents by age (IRTAD & CARE database)

ages	year	IL		EU	
		absolute number	%	absolute number	%
0-14	2017	22	6.8	555	2.2
15-17	2017	19	5.9	543	2.1
18-24	2017	60	18.6	3104	12.2
25-49	2017	80	24.8	8887	34.9
50-64	2017	45	14.0	5257	20.7
≥65	2017	92	28.6	6921	27.2
unknown	2017	4	1.2	164	0.6
TOTAL	2017	322	100.0	25431	100.0

European sum computed with the most recent available year by country (2010: SK; 2015: LT, IE; 2016: BG, CY, MT; others: 2017).

### Persons killed in road accidents by transport mode (IRTAD & CARE database)

mode of transportation	year	IL		EU	
		absolute number	%	absolute number	%
car (including taxi)	2017	95	29.5	11631	45.7
moped	2017	2	0.6	607	2.4
motorcycle	2017	56	17.4	3850	15.1
pedal cycle	2017	12	3.7	2003	7.9
pedestrian	2017	108	33.5	5383	21.2
other	2017	49	15.2	1957	7.7
TOTAL	2017	322	100.0	25431	100.0

European sum computed with the most recent available year by country (2010: SK; 2015: LT, IE; 2016: BG, CY, MT; others: 2017)

## Population

	year	IL	EU
population (M. inhab.)	2017	8.7	512.4
density (inhab./km <sup>2</sup> )	2017	394.8	116.9
males (% of total)	2017	49.7	49.0
females (% of total)	2017	50.3	51.0
urban (% of total)	2017	92.3	75.4
internet users (per 100 people)	2017	82	81

Source: World Bank

## Traffic legislation in Israel

Speed limits for passenger cars	(km/h)
motorways	110
secondary or regional roads	80-100
in built-up areas	50-70

Drink-driving	BAC limits
max. BAC for drivers (g/l)	0.5
max. BAC for young/novice drivers (g/l)	0.1
max. BAC for professional drivers (g/l)	0.1

Protective systems	
obligation to use seatbelt in front seat	yes
obligation to use seatbelt in rear seat	yes
obligation to use child restraint systems for transport of children	yes
obligation to use a helmet as a moped rider	yes
obligation to use a helmet as a motorcyclist	yes
